

# Electrika 2026

## Programme

### The UK's only boat show dedicated to

# Electric Narrowboats

# Electrika 2026

We are very pleased to announce that Electrika – the electric narrowboat show – is back for a 3rd successive year, firmly establishing itself as the "go-to event" for anyone interested in electric propulsion on the UK's canal & river network.

With an ever increasing interest in sustainable boating, we are seeing more and more new electric narrowboats being launched and many existing boat owners looking to convert to electric. Electrika aims to encourage and support adoption of electric propulsion on UK waterways.

Comprising an extensive list of boat builders and exhibitors, a fleet of showboats on the water and entertainment on both nights, Electrika 2026 promises to be the most informative, fun and best value boat show of the year.

### Expert Speakers

On both days, there will be a full program of talks on all aspects of electric propulsion, given by industry experts and experienced electric narrowboat owners.

### Exhibition

Leading manufacturers and distributors of Electric Propulsion systems and ancillary equipment will be in attendance to answer questions on their products.

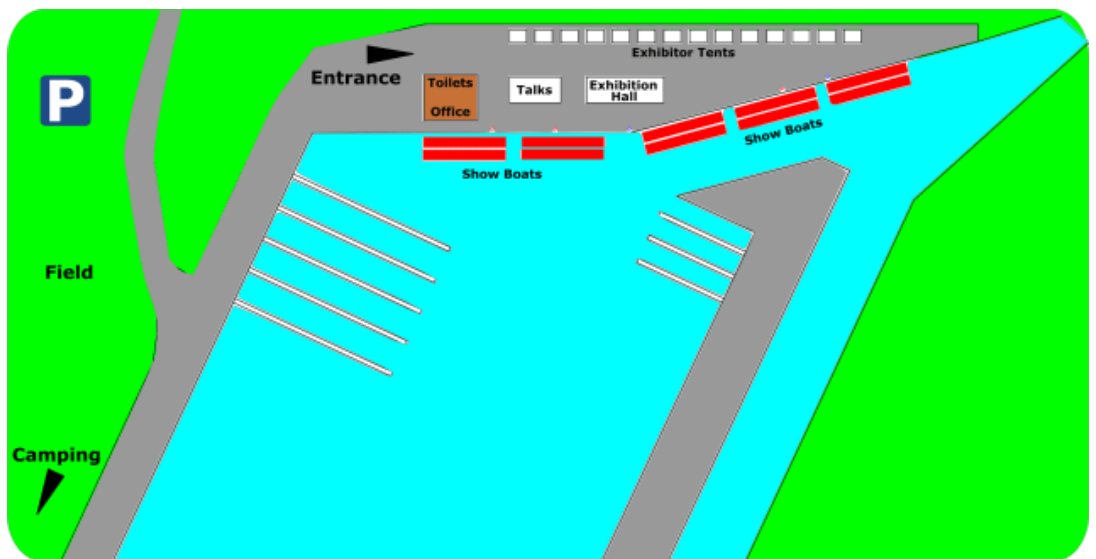

### Existing Owners

A big part of Electrika is bringing together existing electric narrowboat owners, with potential owners and boat builders to hear real-life experiences of electric boating.

## Show Map

## Show Boats

- [Dexter's Star \(Elton Moss & Ortomarine\)](#)
- [Amastra \(Ortomarine\)](#)
- [Paws & Relax \(Bluewater Boats\)](#)
- [Infinity \(Aqua Narrowboats\)](#)
- [Longinqua \(Finesse\)](#)
- [Twitchy Feet \(Smithwood Narrowboats\)](#)
- [Electric Dreams \(Ortomarine\)](#)

# Talks Schedule Friday

First Day – 10th July 2026

Second Day – 11th July 2026

**Time**

**Talk**

**Speaker**

10:00

**Show Opens**

10:30 – 11:00  
Lecture Marquee

**Install Guidance for LiFePo4  
Batteries**

Paul Sumpner

11:15 – 11:45  
Lecture Marquee

**Electric Motor Efficiency**

Tim Knox

12:00 – 12:30  
Lecture Marquee

**Total Energy Management**

Phil Smith

12:45 – 14:00

**Lunch break**

14:00 – 14:30  
Lecture Marquee

**Holistic design of Electric  
Narrowboats**

Alastair Hunter

14.45 – 15.30  
Lecture Marquee

**Real life experiences of "Going  
Electric"**

Sarah Mules & Peter Chambers

15.30 – 16.00  
Lecture Marquee

**Q&A with Narrowboat Life  
Unlocked**

Paul & Anthony

16:00

**Show Closes**

**Tim Knox**  
TORKMAR

**Peter Chambers**  
NB NAUTILUS-ENTERPRISE

**Alastair Hunter**  
FLOATING OHM
